

ACTIVE DIRECTORY OPEN LDAP

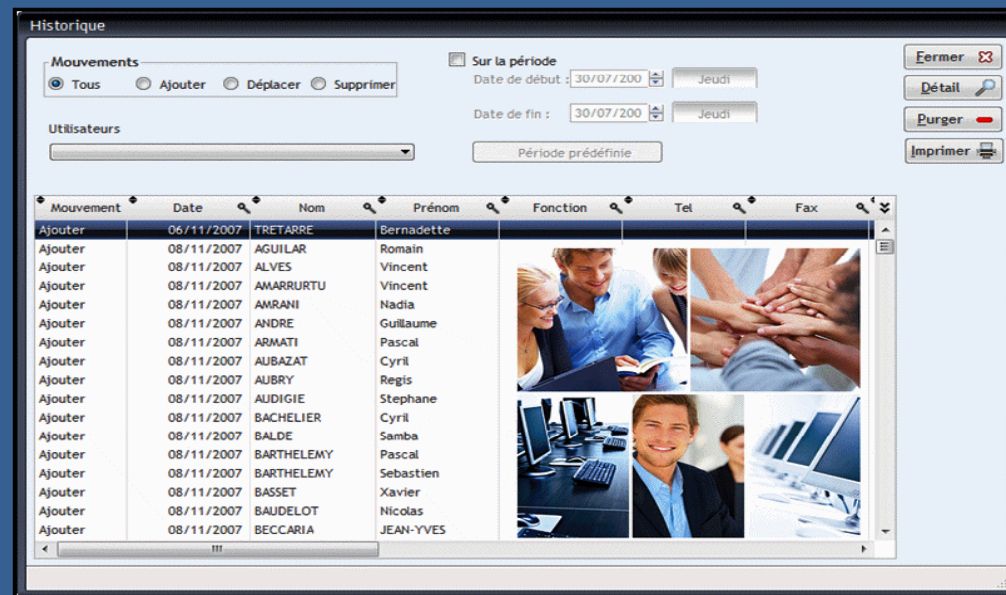

Synchronize Landpark users list with your Active Directory/OpenLDAP

LANDPARK ACTIVE DIRECTORY / OPEN LDAP

Synchronize Landpark users list with your Active Directory/OpenLDAP

- Consult, filter and edit move history while synchronizing Landpark users with your Active Directory/OpenLDAP.

- Automatically integrate all user-related information into Landpark Manager.
- Improve your productivity by integrating user information rapidly.
- Reduce your data-processing administration tasks.

LANDPARK ACTIVE DIRECTORY / OPEN LDAP

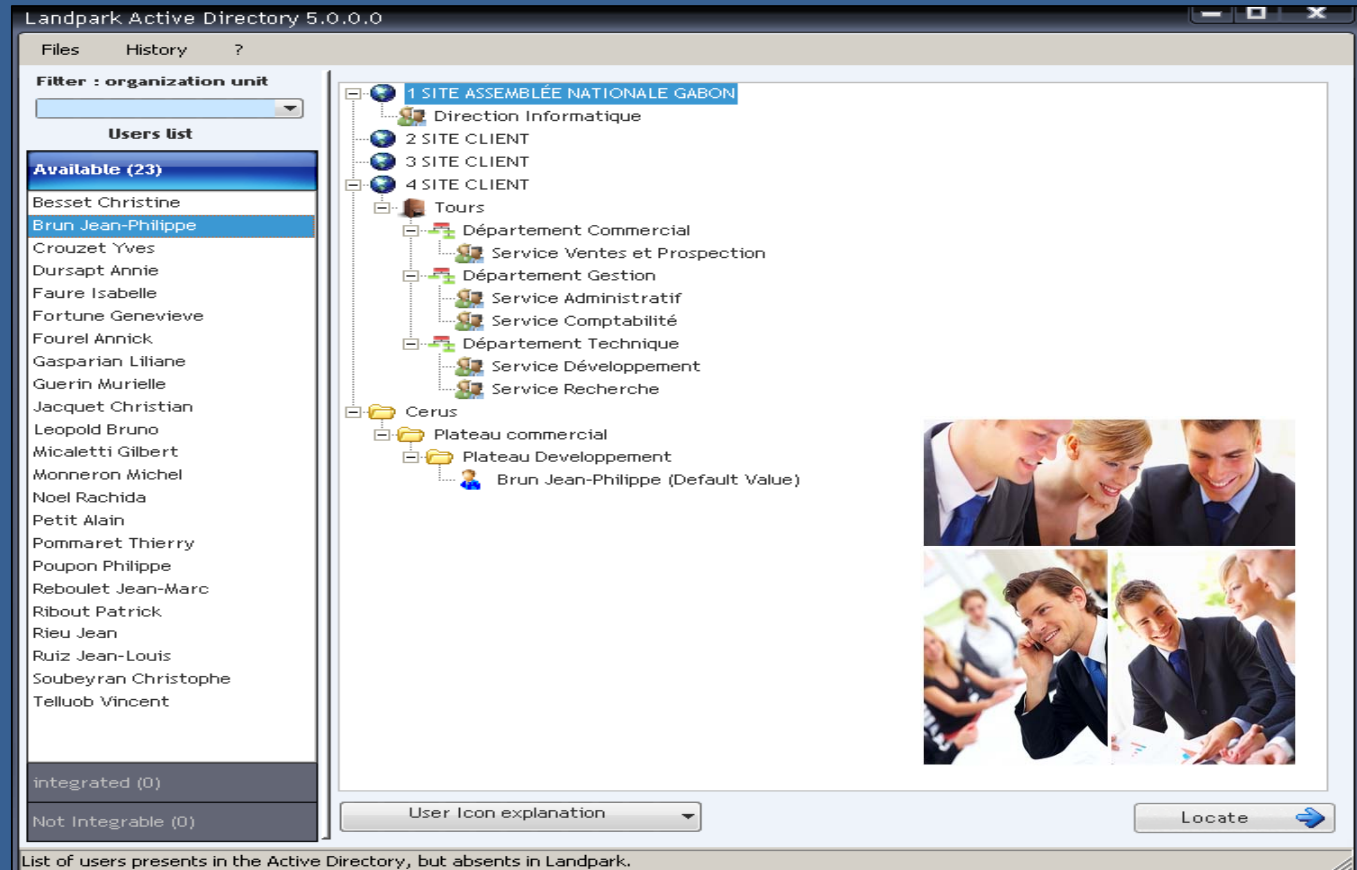

Automatically integrate all user-related information

Makes it possible to view, filter and publish changes that have occurred since the previous synchronization with Active Directory or OpenLDAP.

Possibility of setting up 3 different connection profiles.

Compatible OpenLDAP (RFC3377).

Landpark Active Directory / OpenLDAP improve your productivity by integrating user information rapidly and reduce your data-processing administration tasks.

LANDPARK ACTIVE DIRECTORY / OPEN LDAP

Move history

Filter by change: view and add any newly-created users or remove any users that are no longer in your Active Directory.

Filter by user: this option makes it possible to filter your list by user and publish all user changes.

Filter by period: filter your list by date interval or select a preset period.

Landpark provides you with the best IT Asset Management and help desk software, helping you achieve optimal management of your resources.

Hundreds of major companies have recognized our expertise in the field, IT managers have successfully been able to exert fine-grained control over their IT resources.

Our mission is to :

TREAT each and every customer as unique,

ESTABLISH privileged relationships with our customers,

PROVIDE them with our unique technical expertise and knowledge,

ADDRESS their requirements and validate their expectations through our benchmarks.

Our APPROACH to asset management and help desk technology has proven reliable and sustainable over years.

Thanks to the added-value of our approach, we are able to assist you in your projects.

THE COMPANY

Founded in 1992, our company has acquired recognized expertise in PC software.

The company has since consolidated its technological proficiency with a practical approach by constantly analyzing the actual needs of its clients.

Since 1998, the company has consistently increased its presence in the world of IT asset management and has been a major international actor by successfully deploying its solutions in blue-chip corporations and administrations.

The company has always been keen on selecting the right technology for a successful development strategy. Thousands of customers have already installed one of our products.

Our Landpark product range allows significant increases in productivity and a better implementation of IT asset management best practises thanks to the technical insight of our engineers.

Today, our company has become a major publisher with a large number of innovative solutions.

Our company dedicates a significant amount of its turnover to R&D.

Capitalizing on its customers' experience its developers are constantly at the forefront of cutting-edge technology.

Landpark SAS becomes today a major editor with significant number of solutions
