SCANFREE PRO - FULL SOLUTION FOR YOUR IT ASSET TRACKING NEEDS

LANDPARK TECHNOLOGY

Our technology also includes :

- Landpark Manager (IT Asset Management)
- Landpark Helpdesk (Technical Support Management Tool)
- Landpark Snmp (collects information about your network's Snmp agents)
- Landpark Active Directory OpenLDAP (synchronize the LandPark user list with your Active Directory/OpenLDAP)

EFFECTIVE COST CONTROL

Our solution allows you to better control your company's acquisition costs, operating expenses, and technical support resources. Monitoring your IT assets more effectively increases user productivity while letting you focus on the appropriate decision-making processes.

AN OFF-THE-SHELF SOLUTION

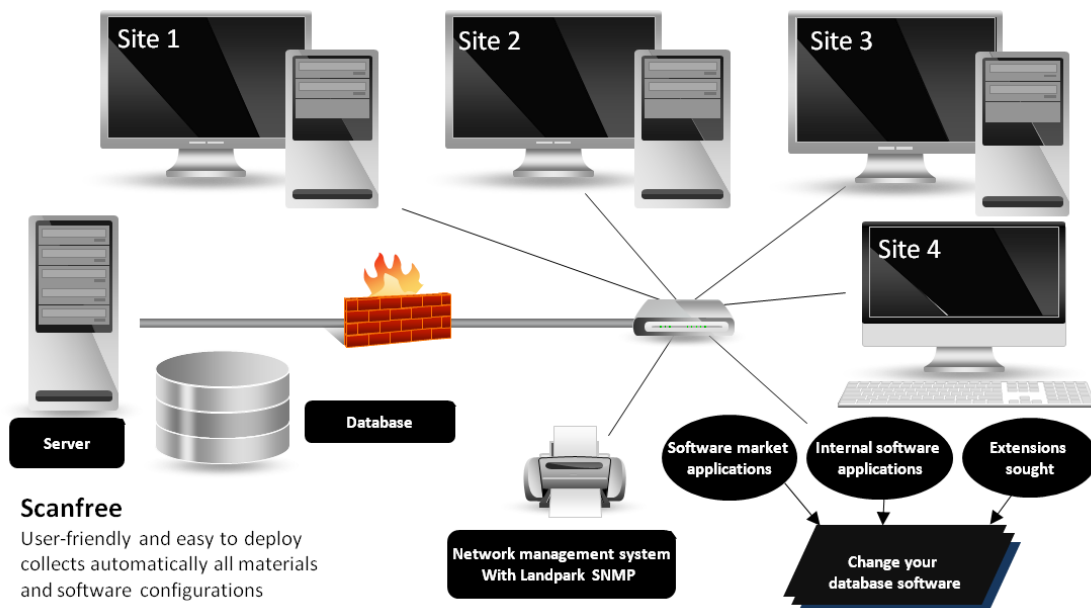

Monitor and upgrade your IT assets as new requirements come along, reduce implementation costs by tracking those items that are too expensive to maintain and manage software licenses more effectively.
